

Hamilton County Highway Department

County Engineer
Richard Coronado Jr., PE
(618) 643-2714

Courthouse
100 South Jackson
McLeansboro, Illinois 62859

Permit #: _____

Issued Date: _____

PERMIT FOR MOVING AN OVERWEIGHT LOAD

Permission is hereby granted to: _____,

Description of Load: _____,

Weight Class: < 120,000 lbs 120,000 – 250,000 lbs > 250,000 lbs
Permit Fee: \$50 / load \$100 / load \$250 / load

for the movement of said overweight load along the following route under the jurisdiction of the Hamilton County Highway Department: _____

(Loads under the 80,000 lb. legal load limit do not require permits; attach a map of the proposed route)

The conditions of this permit are as follows:

1. Adequate provision shall be taken to warn traffic of the approaching overweight load by the use of Flag Cars leading and also trailing the overweight load.
2. The move shall be completed between the hours of **sun rise** to **sun set, Monday through Saturday** in which the weather is clear with sub-base and road conditions dry and solid. This permit will expire 10 days after the date of issue posted above.
3. The load shall be adequately secured so that no portion will pose a hazard of falling onto the road.
4. All liabilities for any damage done to the roadway or to traveling public caused by the movement of the overweight load of this permit shall be borne by the holder of this permit. A Certificate of Insurance naming Hamilton County as an additional insured shall be provided, including General Liability and Automobile Liability with minimum limits of \$1,000,000 combined single limit, Workers Compensation, Motor Cargo and Umbrella or Excess Liability.
5. All other traffic shall be restricted from drainage or grade separation structures while the overload is passing and the overload shall follow a path along the center of the roadway at a speed not to exceed 5 mph.
6. All loads over 120,000 lbs shall also post a bond against damages to roads and bridges in the county prior to receiving a permit for movement of the load. Said bond shall be in the amount specified by the County Engineer after reviewing the route of the movement.
